I hereby request an incentive for the above listed work. Attached is a copy of my invoice to the customer showing the Dayton Power and Light (DP&L) Incentive. I have read and agree to the Terms and Conditions on the reverse of this form. I certify that the information that I have provided is true and correct and that the new HVAC equipment and the determination of whether the new equipment is an early retirement or a replacement meet the Program Guidelines and Terms and Conditions of the program.

PARTICIPATING CONTRACTOR SIGNATURE		INSTALLATION DATE	DATE
CUSTOMER SIGNATURE		DATE	

I confirm that the equipment above has been installed and that I have received an invoice showing the DP&L Incentive.

APPLICATION CHECKLIST

- Attach copies of all invoices with equipment make, model and size, documenting the installation of the equipment.
- Complete all questions, read all terms and conditions, and sign the application.
- Make sure the customer's DP&L electric account number is listed above.
- Make a copy of the application for your records and mail or fax original form with attached Participating Contractor invoice to:

DP&L Heating and Cooling Rebates, 1129 Miamisburg-Centerville Road, Suite 205, West Carrollton, Ohio 45449, Fax: 937-859-3651

TERMS AND CONDITIONS

1 CUSTOMER ELIGIBILITY

Customer must be a residential customer of DP&L to qualify. Residential service may include single-family detached homes, single-family attached homes, and mobile homes. Rebates are eligible for qualifying equipment installations until December 31, 2011 or until incentive funds are exhausted. Equipment must be installed by a Program Participant at the customer's address listed on the Incentive Application Form. The Incentive Application Form must be filled out completely, signed and accompanied by dated invoices, and received by the program with thirty (30) days of installation.

2 MULTIPLE INCENTIVES

Individual residential accounts, as determined by the DP&L customer account number, which receive two or more DP&L Heating and Cooling Rebates during the same year, will automatically be audited for compliance. A separate Incentive Application is required for each unit. Contractors working with owners of multiple units are required to contact the program and reserve funds prior to any installations.

3 INSTALLATION VERIFICATION

DP&L reserves the right to conduct an on-site verification that the equipment has been installed according to Program Guidelines and is in operation. This site visit, and all aspects related to the site visit, is conducted solely for such purpose. The site visit is not a safety review, nor is it intended for any other purpose.

4 DOCUMENTATION

All invoices or other documentation must include the Participating Contractor's name / address / phone number, installation cost, and an itemized description of the equipment, including manufacturer, model number, and the appropriate SEER efficiency rating. Invoices must show a line item reduction matching the incentive to be paid to the Participating Contractor and labeled as the "DP&L Heating and Cooling Rebates."

5 WARRANTIES

DP&L and the Program Administrator do not endorse, guarantee, or warrant any particular contractor, manufacturer, or installation.

6 CHANGES TO DP&L HEATING AND COOLING REBATES

All DP&L energy programs, including the DP&L Heating and Cooling Rebates, are subject to Public Utilities Commission of Ohio rules and regulations. Program is subject to change without prior notice. Incentive offers may increase or decrease at any time.

7 LIABILITY AND RELEASE

As part of the consideration for participating in the program, customer and Participating Contractor hereby release and shall indemnify, hold harmless, and defend DP&L and the Program Administrator from any and all claims, losses, harm, costs, liabilities, damages, and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with HVAC work done by Program Participant at the premises or any material and labor required for such installation.
